Attached is a copy of the referenced memorandum. It was submitted to the Office of Security on 10 May 1976 and was not returned until 17 May 1976, after the date of Mr. [REDACTED]' presentation. For that reason, we did not send it to the ADDI for approval, but would like it included in the statistics you keep on campus contacts.

STAT

SUBJECT : Request Permission to  
Address Economic Seminar

1. It is requested that I be granted permission to address, on 13-14 May 1976, several under-graduate classes on Comparative Economic Systems at Washington and Jefferson College, Washington, Pennsylvania. Additionally, I request permission to participate in an informal senior seminar on world economic development.

2. As an alumnus of Washington and Jefferson, I will be participating as a practicing economist with my Agency affiliation known. I will use only unclassified material and will state that the views I express are my own. As these will be informal lectures and discussions no text will be used.
